Sir:

In response to the Advisory action mailed November 12, 2003, submitted herewith is a corrected Terminal Disclaimer including the Serial Number and Filing Date of the related application. Entry and withdrawal of the rejection of claims 18-24 is requested. A fee was submitted with the originally filed terminal disclaimer.

With respect to the drawings, formal application drawings were submitted on July 16, 2003. The request for approval of drawing correction filed on October 21, 2003, corrected the formal drawings. The filing of the formal drawings addressed the clarity of the figures. Applicant believes that all of the numerals used in the specification are present in the drawings.

Respectfully submitted,

Date: November 19, 2003
